

Shahad Pathan

Mahesana, Gujarat, India
sahadpathan2697@gmail.com | linkedin | Portfolio

Summary

Computer Engineering student focused on Artificial Intelligence and Data Science, with hands-on experience in Python programming, data analysis, and web development. Passionate about building real-world projects and applying machine learning concepts to solve practical problems. Seeking opportunities to contribute to impactful AI/Data Science teams.

Education

Gujarat Technological University (GTU) - School of Engineering and Technology June 2024 – May 2028

Bachelor of Engineering (B.E.), Computer Engineering

Shri J.M. Chaudhary Sarvajani Vidyalaya

June 2020 – March 2024

S.S.C and H.S.C

Experience

Oasis Infobyte

September 2025 – October 2025

Web Development Intern

India

- Built responsive, user-friendly websites by applying modern web development technologies and design practices.
- Strengthened problem-solving skills through practical, project-based development work.
- Applied theoretical knowledge to real-world web development challenges.

Internshala

April 2025 – November 2025

Internshala Student Partner (ISP)

Gujarat, India

- Represented Internshala on campus, promoting internship and training opportunities to fellow students.
- Coordinated outreach initiatives to drive student engagement over an 8-month partnership.

Agirva.com Space Community

November 2024 – January 2025

Internship Trainee

Gujarat, India

- Completed a space technology internship affiliated with ISRO, contributing to innovative space research projects.
- Performed hands-on data analysis and supported project management within a dynamic startup environment.
- Collaborated with cross-functional teams to advance space exploration initiatives.

Projects

- **Data Science Fundamentals:** Applied core data science concepts including data cleaning, exploratory analysis, and visualization using Python.
- **Python Programming Practice:** Developed multiple scripts and mini-projects to strengthen object-oriented programming and problem-solving skills.
- **Ai Automation :** Wriper — AI Background Remover High-performance client-and-cloud AI tool for rapid background removal and subject isolation in images.

Skills

- **Languages:** Python, c, c++, Javascript
- **Frontend Development:** React.js, Vite, Next.js, HTML, CSS, Javascript
- **AI and Data:** Pandas, Numpy, Scikit-Learn, Computer Vision, Machine Learning, Gen Ai
- **Databases:** MySQL, Supabase, PostgreSQL, MongoDB
- **Tools:** Docker, Git, Linux, Vercel, n8n Automation, Fast API, Github, Postman

Certifications

- Oracle: Cloud Infrastructure 2025 Certified AI Foundations Associate (325886566OCI25AICFA)
- National Hackathon: NHAI and Ministry of Road Transport 2025 (NHAI-RSH-2025-SP)
- IBM (Coursera): What is Data Science? (ERHFN1IDMW5Y)
- AWS Training: Generative BI with Amazon Q in QuickSight
